ACKNOWLEDGEMENT

It gives me immense pleasure to express my heartfelt gratitude to all those who have supported and guided me throughout the successful completion of this final year project.

I would first like to extend my sincere thanks to **Dr. Arvind Agarwal**, President, and **Dr. Puja Agarwal**, Group Director of Arya Institute of Engineering Technology and Management, Jaipur, for providing an excellent academic environment and all the necessary facilities that foster learning and innovation.

I would like to express my special thanks to **Er. Hemlata Garg**, Assistant Professor, **Computer Science and Engineering** (AI), for his visionary leadership, valuable suggestions, and motivation throughout the course of this project.

I am also thankful to my Project In-charge, **Er Neelam Jangid**, whose timely feedback, guidance, and coordination played a vital role in ensuring the quality and completion of this project work.

Last but not least, I sincerely thank all the faculty members, lab assistants, and my peers who contributed directly or indirectly with their support and inspiration during the entire project duration.

This project has been a significant learning experience and a stepping stone in my professional development.
