Presentation

On

SOUND FOR SILENCE

Submitted to partial fullfillment of requirement for the award of degree of

BACHELOR OF TECHNOLOGY

IN

COMPUTER SCIENCE & ENGINEERING

Presented to :

Narendra Narwal

Presented By :

Abhishek Verma (22EAOCS005)
Shekhar Chaurasiya (22EAOCS047)
Sakshi Puria (22EAOCS042)

ARYA INSTITUTE OF ENGINEERING TECHNOLOGY & MANAGEMENT, JAIPUR

Introduction

- This project is about a web and mobile app solution that connects therapists, parents, and kids (the patient).
- This project is used by therapists to judge auditory listening capabilities and cognitive ability of kids.
- This provides benefits to all their clients by making the process of therapy easy, making the process paperless and digital.
